Technical Specification

Features

Parameter	AQI , PM1 , PM2.5 ,PM10 and Particle Count
Range	0-999 ug/m ³
Resolution	1ug/m ³
Accuracy	0-150ug/m ³ ±10% 150ug/m ³ and above ±15%
Sensor type	Laser

Dimensions and Weight

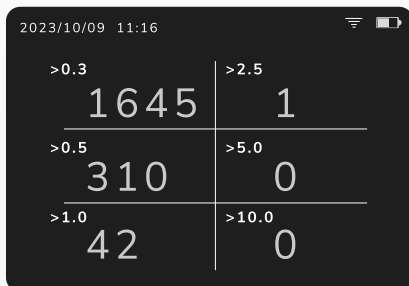

Size	5.8 x 2.5 x 4.6 (cm)
Weight	60g
Screen size	1.8"
Battery	450 mAh
Charging time	30 minutes (approx)
USB Type	Type-C

Connectivity

Connectivity Type	Wifi
Storage	AQI Cloud Storage
Data Accessibility	AQI Web Dashboard and Mobile App (www.aqi.in)
TV App	AQI TV App

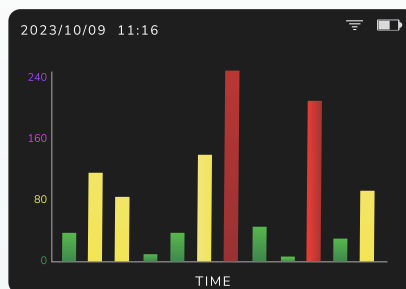

Designed to be discreet

Featuring a visually appealing display, seamless Wi-Fi connectivity to both AQI mobile app and dashboard, and exceptional portability, making it suitable for carrying anywhere you go.

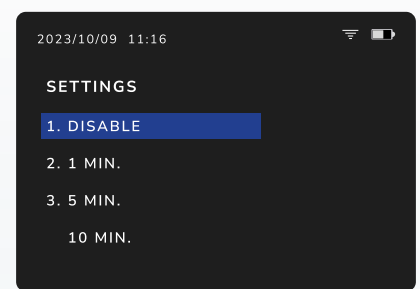

Particle Count Screen

Showing live particle count data.

Graph screen

Graphical representation of various parameters.

Auto Off setting

Offering customizable Auto Off settings to suit your needs.

Link

Link generation for real-time air quality updates.

Export File

Export historical air quality data anytime, anywhere!

Grouping

Group AQI monitors for unified air quality management.

Compare

Indoor Vs Outdoor data

QR Code

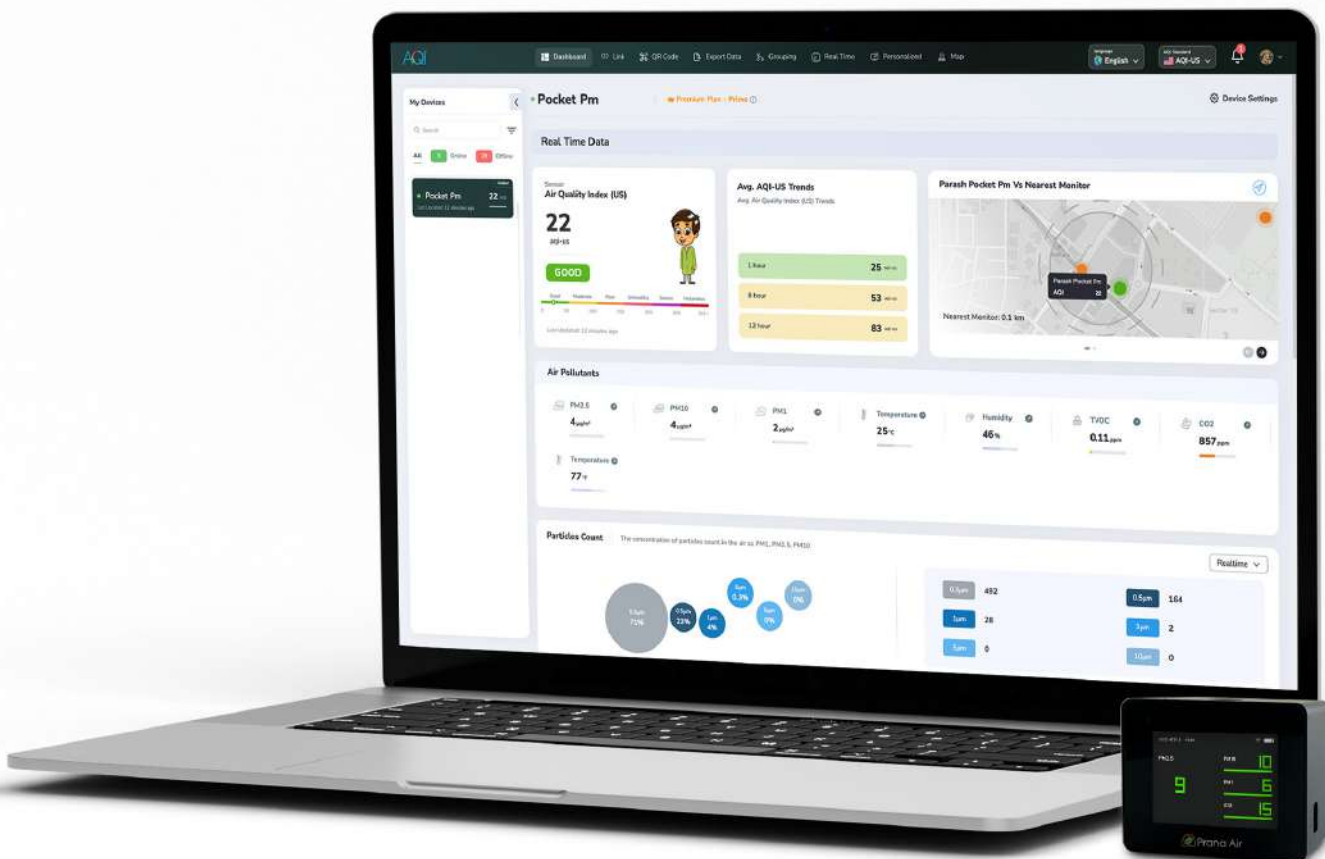

Generate QR for seamless air quality data sharing.

Web dashboard

Easily connect your Pocket PM2.5 Monitor to the web dashboard for real-time data access, trend analysis, and device management. Monitor your air quality history, export reports, and stay informed —*anytime, from any screen.*
