TABLE OF
CONTENTS

Download TV apk

To enhance the display of AQI data on your TV app, you can follow these steps to obtain the APK file from your web browser.

IMPORTANT NOTE

The AQI TV app is exclusively compatible with Android TVs. It can be used on any smart TV running Android TV software. In other situations, Android sticks or devices can be utilized to run the AQI TV app on TVs with an HDMI input.
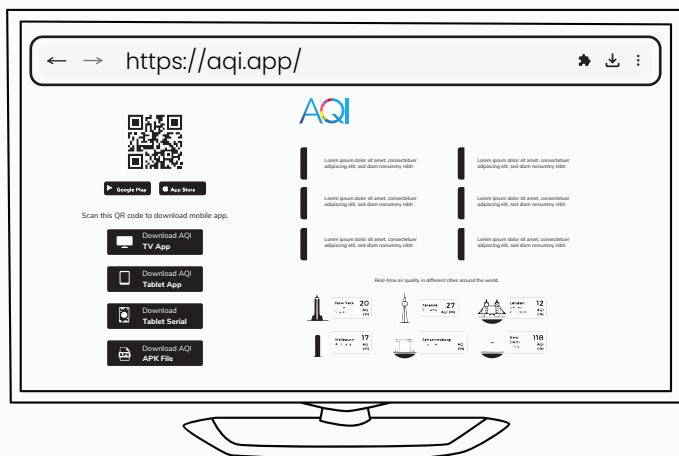

01

**1** Go to google play store on your Android TV.
2 Search for **"TV-Browser Internet"** in the Google Play Store and proceed to install the TV-Browser Internet application.

3 Kindly visit **"www.aqi.app"** in your web browser to download the APK File.

4 Click the **"Download AQI TV app"** button to download the APK.

5 TV apk will be downloaded in your download list.

Browser: https://aqi.app/

AQI_TV_16_06_2023.apk
22.9 MB · Done

6 Once downloaded click on the install button on the popup.

AQI_TV_16_06_2023.apk

Cancel   Install

7 A pop-up may request permission to install from unknown sources. Please grant all permissions to ensure successful APK installation.

This APK file might contain unsafe content. Make sure you trust the sender before you open or instal it.

Cancel   Open

8 A QR code will appear on the screen after successful installation.

NOTE : If the installation pop-up doesn't show up, please continue following the steps below; however, if it does appear, navigate to page 8.

1. Download **"X-plore file manager"** from play Goggle store.
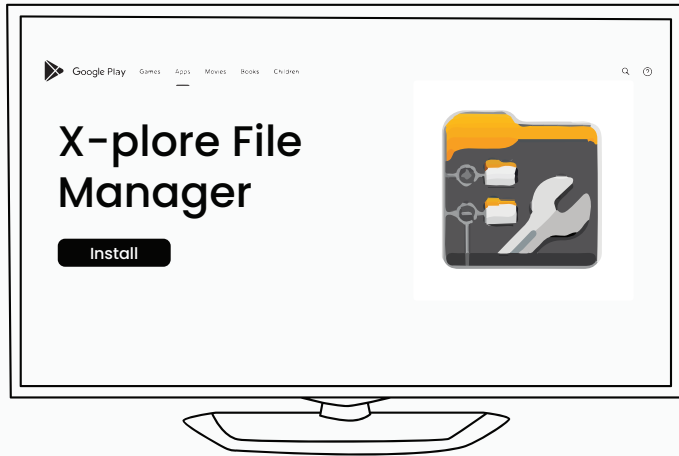

2. Open X-plore file manager. Go to internal shared storage and click on the download folder.

3. Click on the downloaded **AQI_TV** APK file to install the APP.

4. A Pop to install the app will appear. Click on the Install button to proceed.

5 A pop will appear asking permission to install from unknown sources. Please follow the steps and give all the permission to process.

This APK file might contain unsafe content. Make sure you trust the sender before you open or instal it.

Cancel   Open

**6** A QR code will appear on the screen after successful installation.

Configure Android TV on APP

You can configure the Android TV app to show the data

02

1 Install the AQI App on your mobile from **google play store** or **App store** and open it. Allow all the permissions accordingly.

2 Click on **"My Devices"** to Sign up for creating a new account or Log in if you already have one. For Login/ Sign up procedure, refer to **Page 15**.
