

Cair +

Indoor Air Quality Monitor

With advanced sensors, it precisely measures key air quality parameters, empowering users to manage and improve the air they breathe.

Brochure 2024-25

About Us

Purelogic Labs is our venture which was founded in 2017 wherein we render personalized solutions to innovative ideas for discrete environmental problems. The company came into existence to increase awareness about the growing levels of air pollution which have reached an alarming stage in India.

We have two separate divisions which come under Purelogic Labs, that is **AQI** and **Prana Air**.

Trusted by

And many more

Cair +

The Cair + offers a versatile solution by being installable in different areas within a house. It diligently collects data, presenting a comprehensive overview on our AQI app. This functionality proves invaluable in not only identifying sources of indoor pollution but also in enabling proactive measures to reduce or eliminate such pollutants.

WiFi Connectivity

Measures Parameters

An advanced and versatile tool, adept at comprehensively monitoring an array of pollutants.

Air Quality Index

Screen saver

Type Of Screens

The Cair + air quality monitor is characterized by a diverse range of colored LED screens, each contributing to a unique and visually intuitive user experience.

Main Screen

Transform Your Monitor into a **CLOCK**

Activating the Screen saver mode on the device seamlessly transitions it into a clock and also integrates the display of Air Quality Index (AQI) data.

Labelling

- ① Operations Buttons
- ② Colored LED Display
- ③ Type-C Charging Slot
- ④ Micro SD Card Slot
- ⑤ Air Inlet

INSTRUCTIONS TO USE

1. Avoid directing exhaled air directly onto the monitor.
2. During the initial period, CO₂ levels may be elevated; keep it continuously on for 8 days to achieve stabilization.
3. TVOC and HCHO levels may take up to 72 hours to stabilize initially.

Note :

If the screen appears scratched, it is likely the screen protector. Please remove the screen protector.

Sensor Specifications

Parameters	Sensor Type	Range	Resolution	Accuracy
Particulate Matter (10, 2.5 and 1)	90° Light Scattering	0 to 2000µg/m ³	1 µg/m ³	0-150 µg/m ³ is for ±10% & for 150 µg/m ³ onwards is ±15%
Temperature	Digital Sensor	0 to 60 °C	0.1°C	±5°C
Relative Humidity	Digital Sensor	0 to 100% RH	1% RH	±3% RH
Carbon Dioxide (CO ₂)	Non Dispersive Infrared (NDIR)	1 to 5000ppm	1ppm	±3% or ±50ppm
Total Volatile Organic Compounds (TVOCs)	Metal Oxide Semiconductor Sensor (MOS)	0 to 9ppm	0.01ppm	±3%
Formaldehyde (HCHO)	Electrochemical	0 to 2ppm	0.01ppm	±3%

Device Specifications

Dimensions

11 x 3.4 x 7.5 (in cm)

Weight

175 g

Power Supply

Type-C USB

Display

Color LED Display

Storage

Micro SD Card Storage + Cloud Storage (with AQI Dashboard)

Connectivity

Wi-Fi (2.4Ghz)

Mobile App

AQI (available on ios and android)

Color

Ivory

AQI Mobile Application

Download the AQI App

Facilitating your ability to make well-informed decisions effortlessly, no matter your location or the time of day, our platform ensures seamless access to the essential data you require.

Air quality API for accurate global data

Real-time and historic data

World air pollution map and weather map

Health advice according to the air pollution level

AQI Web Dashboard

Empowering individuals with the capability to make knowledgeable decisions effortlessly, regardless of their location or the time of day, our platform stands as a reliable facilitator, providing seamless access to the essential data required for informed choices.

24*7 remote access to the monitored data

Insightful Air quality monitoring dashboard

Export recorded data anytime anywhere

Compare different AQI levels of two or more location

AQI TV Application

Easily enhance your environmental awareness by seamlessly integrating our application into your Android TV, allowing you to display real-time air quality data on your television screen 24/7.

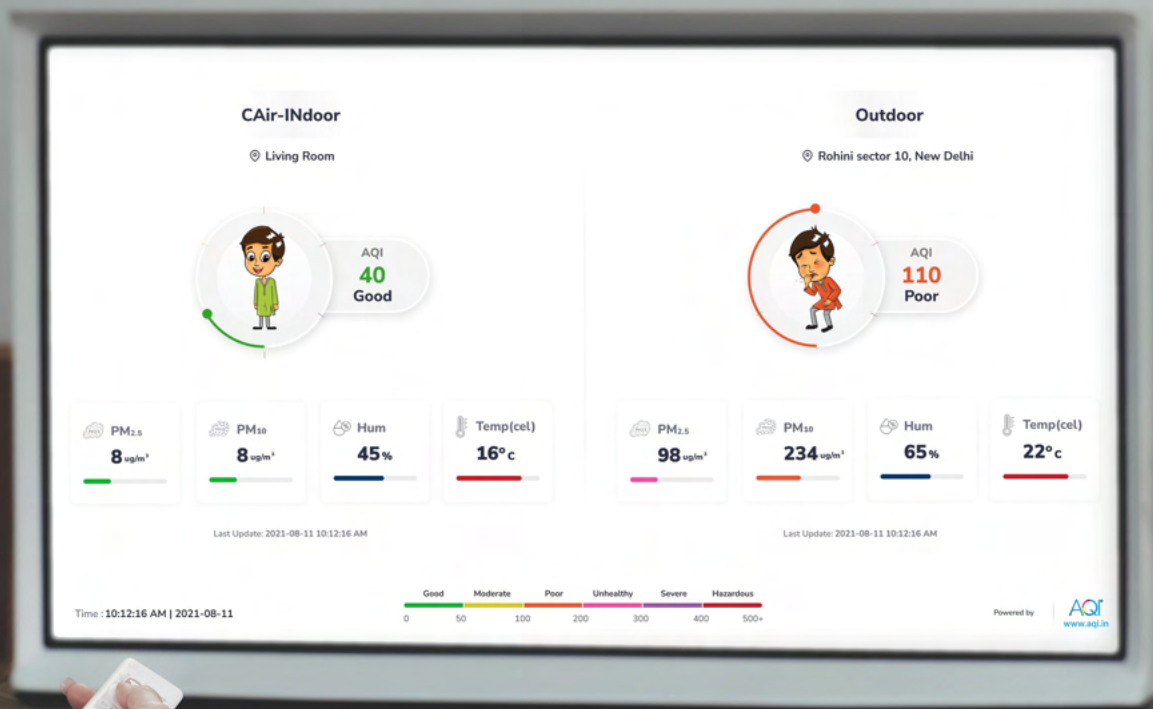

Choose from multiple ranges of themes

Integrated and controlled via the AQI mobile app

Compare your indoor air quality with outdoor
